

## **Testing Engineers & Consultants, Inc.**

Testing Engineers & Consultants, Inc. (TEC) is seeking an experienced Industrial Hygienist/ Building Inspector to support our Asbestos and Lead Consulting Services division. Qualified candidates should have a thorough understanding of building construction and systems. Demonstrated experience in performing comprehensive lead paint and asbestos surveys in a multitude of building types (commercial, industrial, institutional and residential construction) is necessary.

Qualifications should include:

- Bachelor's degree in Engineering, Industrial Hygiene, Environmental Science or related discipline.
- Minimum of five (5) years solid building inspection experience.
- State of Michigan Accreditations in the following: Asbestos Building Inspector, Asbestos Contractor-Supervisor, Asbestos Project Designer, Lead Building Inspector, and Lead Risk Assessor.
- NIOSH 582.
- Experience with operation of XRF analyzer.
- Ability to work independently as well as part of a team.
- Strong time management skills.

Building-related industrial hygiene services are provided to a wide variety of client types throughout the state. For more information on TEC and our services, visit our website at [www.testingengineers.com](http://www.testingengineers.com).

TEC is an Equal Opportunity Employer that offers a competitive wage structure and comprehensive benefits package for its employees.

Interested individuals should submit qualifications (cover letter and resume') to Scott Chandler, CIH via email at [schandler@tectest.com](mailto:schandler@tectest.com), fax (248) 585-9519, or mail to the following address:
