**WEST JOINS  
TESTING ENGINEERS & CONSULTANTS, INC.**

**Troy, Michigan** – **William J. West, PE**, has joined TEC's staff as Construction Services Department Manager in Troy and Ann Arbor. Mr. West, formerly of Shleede-Hampton Associates, has 18 years experience in the engineering consulting industry providing quantitative solutions to a wide range of construction related and environmental projects.

His expertise includes various aspects of construction, engineering and environmental consulting services. These include QA/QC on earthwork, infrastructure, and paving projects throughout the Midwest; soils and construction materials field and laboratory testing; construction inspection; slurry trench construction; in-situ and ex-situ soil stabilization; geotechnical engineering; and pavement consulting. In addition, he has extensive experience developing and implementing QA/QC programs for civil and environmental engineering projects. West is a licensed Professional Engineer in Michigan, Indiana, Kentucky, and Illinois. He holds a Bachelor of Science in Civil and Environmental Engineering from the University of Michigan, a Master of Science in Civil and Environmental Engineering from Wayne State University, and a MSA, Administration, Central Michigan University and is a member of the South Oakland County Municipal Engineers (SOCME) and the American Society of Civil Engineers (ASCE).

His responsibilities include department and project management, report writing, client consultation, staff supervision, senior technical review, department P/L, and business development.

TEC, a Woman-owned Firm, provides client support from property acquisition through construction, renovation and restoration. Expertise includes environmental and geotechnical engineering and consulting as well as facilities engineering, construction materials testing, indoor air quality and asbestos, lead and mold management services. Founded in 1966, TEC has offices in Troy, Ann Arbor and Detroit.
